

LEVEL 2

Cleaning and Support Services

Programme Overview

Welcome to the 12 month, Level 2 Cleaning and Support Services Programme.

Cleaning and Environmental Service professionals make a difference to all our lives, although the work often goes 'unseen'. Cleaners ensure that the places we work in and the public places we use are attractive, safe and hygienic. In hospitals cleaning staff are at the forefront of controlling the spread of infection, and in many walks of life cleaners ensure a hazard free environment by ensuring it is safe and clean for the general public.

The Intermediate framework has three pathways, Cleaning & Support Services, Local Environmental Services and Pest Management.
